

WFPICCS & Intensive Care ASM 2026

Program

26 - 30 September 2026 | Melbourne, Australia

Program is subject to change without notice.

Program

Last updated 28 August 2026, 2:16pm

Melbourne local time

WFPICCS	Intensive Care ASM	Combined / Whole Event
---------	--------------------	------------------------

Saturday 26 September

8am - 11am SATW01 Precision Paediatric Ventilation. Mastery Mechanics, Dyssynchrony and Ultrasound-informed Liberation Through High Fidelity Simulation Cancelled	8am - 11am SATW08 Compassionate Withdrawal of Intensive Care Outside Paediatric Intensive Care Environment: Giving Families Choices
8am - 11am SATW11 Innovating Rapid Response Systems that Work	8am - 12pm SATW03 Success in Circuit Training: How to Master Multidisciplinary Continuous Renal Replacement Therapy (CRRT), Extracorporeal Membrane Oxygenation (ECMO) and Ventricular Assist Device (VAD) Simulation-based Education
8am - 12pm SATW04 Evidence-Based Pharmacological Management of Behavioral Emergencies in the ICU Cancelled	8am - 12pm SATW09 Pediatric Pulmonary Hypertension A to Z: Integrated Approaches to Diagnosis, Therapy, and Beyond.
8am - 3pm SATW02 Bronchoscopy in the PICU: Learn, Practice, Lead	8am - 3pm SATW05 Continuous Renal Replacement Therapy in Critically Ill Children

8am - 4pm PCICS- Pediatric Cardiac Critical Care: Fundamentals and Hot Topics	8am - 4pm Involving People with Lived Experience in Paediatric Intensive Care Quality and Research : Foundations and Practical Applications Cancelled
8am - 4pm Paediatric Airway Masterclass: Paediatric Advanced Airway Course — PAC Monash	8am - 4pm EMICC Cardiac Surgery (Effective Management of Intensive Care Crises)
10am - 12pm Preventing Pressure Injuries in Pediatric Critical Care: Applying National Pressure Injury Advisory Panel (NPIAP) Guidelines Through Interactive Case-Based Learning	10am - 4:30pm Pediatric Neurocritical Care Simulation-Based Training Curriculum (PNC3) Cancelled
11:30am - 2:30pm Expanding the Role of Advanced Practice Providers to Strengthen Multidisciplinary Care in PICU Cancelled	11:30am - 2:30pm Moments That Matter: Navigating End-of Life in its Current Contexts
11:30am - 2:30pm WORKSHOP SATW22: Name the Domain: Gamifying Team-Based Care in Post-Intensive Care Syndrome Cancelled	12pm - 4pm Health Quality 5.0 in Paediatric Intensive Care: Building a Global Agenda for the Next Era of Care
12pm - 4:30pm ECMO Under Pressure - Optimising Teamwork, Emergency Response, and Troubleshooting in Paediatric ECMO	12:30pm - 2:30pm Unlimited Practice, Zero Judgement, Improved Performance. AI- Enhanced Communication Skills for Intensive Care

12:30pm - 4:30pm

SATW16

Practical Pediatric Point-of-Care Ultrasound for the Critically Ill Child

3pm - 6pm

SATW26

Communication at End-of-Life with First Nations Peoples. Experiences from the Top End

3:30pm - 5:30pm

SATW24

Greening the ICU: Sustainable Critical Care - Reducing Environmental Impact of ICUs Worldwide

3:30pm - 5:30pm

SATW25

From Potential to Peak Performance: Why Coaching, Mentoring, and Sponsorship Matter for Thriving in Medicine

Sunday 27 September

8am - 9am

SUNW37

Expecting Horse, Finding Zebras: Challenging PICU Retrieval Cases

8am - 12pm

SUNW28

Point of Care Ultrasound (POCUS) Workshop for the Management of Undifferentiated Shock in Children

8am - 12pm

SUNW30

Bronchoscopy in the Paediatric Intensive Care Unit | Cancelled

8am - 12pm

SUNW31

Precision Nutrition in PICU: From Assessment to Action | Cancelled

8am - 12pm

SUNW35

Putting Ethical Theories in Practice, Ethical Workshop

8am - 12pm

SUNW39

Value-based Care in the ICU: What Clinicians Need to Know About Health Economics | Cancelled

8am - 3pm

SUNW27

Non-invasive Respiratory Support in Acute Settings

8am - 4pm

SUNW12

Emergencies in Tracheostomy and Laryngectomy

8am - 4pm

SUNW29

Empowering Master Adaptive Learners in ICU Settings: Practical, Low-Cost Strategies to Strengthen Supervision, Reduce Burnout, and Improve Staff Retention

8am - 4pm

SUNW32

Adult and Paediatric NeuroPOCUS: Non-invasive Neuromonitoring in Critical Care and Bedside Cerebral Haemodynamic Assessment

8am - 4pm The World Health Organisation Basic Critical Care Course: A Train the Trainer Workshop	8am - 4pm Clinical Trials in Critical Care: Fundamentals and Innovations
8am - 4pm Getting Started in Critical Care Research: A Practical Workshop for Multidisciplinary Clinicians Cancelled	8am - 4pm ECMO in Practice- Fundamentals and Bedside Mastery
8am - 4pm Simulator Based TTE and TOE Workshop for Critical Care Practitioners	8am - 4pm From Bedside to Boardroom: Leadership, Governance and Medicolegal Mastery in Intensive Care
8am - 4pm Monash Airway Course for Intensive Care Unit Teams (MAC4ICUTeams Cancelled	9:30am - 4pm Retrieving Sick Babies and Children Around the World - Sharing Knowledge, Skills and Tips
10am - 2pm Advanced Airway Workshop: Management of the Difficult Airway in the Pediatric ICU	12pm - 4pm Advancing Paediatric Organ Donation: A Workshop on Evidence, Ethics and Emerging Controversies
12:30pm - 4pm Building an Ethics Toolkit for Intensive Care	12:30pm - 4pm Embedding Learning into the Fabric of Care: From Trials to AI to Global Systems

12:30pm - 4:30pm

SUNW45

Beyond Survival: International Strategies for Multidisciplinary PICU Follow-Up and Post-Intensive Care Syndrome Care

12:30pm - 4:30pm

SUNW47

Beyond the Bedside: Caring for Siblings During Pediatric Critical Illness | Cancelled

5pm - 6:30pm

Opening Plenary

12:30pm - 4:30pm

SUNW46

Bubble CPAP in Low-Resource Settings | Cancelled

3:30pm - 4:30pm

SUNW44

From Calm to Clear: Collaborative Approaches to Sedation and Withdrawal management in Pediatric Critical Care

6:30pm - 7:30pm

Opening Reception

Location: Plenary Foyer

Monday 28 September

7am - 3:30pm	
WHOLE EVENT Exhibition Open - Monday SESSION Location: Exhibition Hall (Bay 15, 16, 17)	No presentation detail currently supplied.
7am - 5pm	
WHOLE EVENT Registration Desk Open - Monday SESSION Location: Exhibition Hall Foyer (Bay 15, 16, 17)	No presentation detail currently supplied.
7:15am - 8:15am	
WHOLE EVENT Device Technologies Sponsor Breakfast Session FUNCTION	No presentation detail currently supplied.
WHOLE EVENT Pediatric Ask the Experts - Cardiac FUNCTION	No presentation detail currently supplied.
WHOLE EVENT Pediatric Ask the Experts - Consumer Engagement in Research FUNCTION	No presentation detail currently supplied.
WHOLE EVENT Pediatric Ask the Experts - Neurocritical Care Monitoring FUNCTION	No presentation detail currently supplied.

WHOLE EVENT Pediatric Ask the Experts - Quality vs Quantity FUNCTION		No presentation detail currently supplied.	
WHOLE EVENT Pediatric Ask the Experts - Sepsis FUNCTION		No presentation detail currently supplied.	
WHOLE EVENT Pediatric Ask the Experts - What AI can and can't do for us in PICU FUNCTION		No presentation detail currently supplied.	
COMBINED / WHOLE EVENT Pediatric: Ask the Experts - Cardiac SESSION Location: Meeting Room 109		7:15am - 8:15am Low Cardiac Output after surgery Dr Tia Raymond	
COMBINED / WHOLE EVENT Pediatric: Ask the Experts - Consumer Engagement in Research SESSION Location: Meeting Room 111 & 112		7:15am - 8:15am Consumer Engagement in Research Ms Alyssa Serratore	7:15am - 8:15am Consumer Engagement in Research Prof Karen Choong
		7:15am - 8:15am Consumer Engagement in Research Dr Orsola Gawronski	
COMBINED / WHOLE EVENT Pediatric: Ask the Experts - Neurocritical Care - Monitoring SESSION Location: Meeting Room 103		7:15am - 8:15am Chair: Neurocritical Care - Monitoring Dr Robert Clark	7:15am - 8:15am Presentation title to be announced Dr Arun Bansal
		7:15am - 8:15am Presentation title to be announced Dr Robert Clark	7:15am - 8:15am Role of ECLS in CHD Dr Peta Alexander
COMBINED / WHOLE EVENT Pediatric: Ask the Experts - Quality vs Quantity SESSION Location: Meeting Room 106		7:15am - 8:15am Presentation title to be announced Neil Spenceley	7:15am - 8:15am Presentation title to be announced Prof Ira Cheifetz

COMBINED / WHOLE EVENT Pediatric: Ask the Experts - Sepsis SESSION Location: Meeting Room 110	7:15am - 8:15am Chair: Sepsis Dr Ben Gelbart	7:15am - 8:15am Presentation to be announced Professor Luregn Schlapbach
	7:15am - 8:15am Presentation to be announced Dr Christopher Horvat	

COMBINED / WHOLE EVENT Pediatric: Ask the Experts - What AI Can and Can't Do for Us in PICU SESSION Location: Meeting Room 107	7:15am - 8:15am When AI works and when it doesn't Dr L. Nelson Sanchez-Pinto	7:15am - 8:15am How data can improve sepsis outcomes Dr Adrienne Randolph

8:30am - 10am

WHOLE EVENT Combined Plenary: Navigating Critical Illness SESSION	8:30am - 8:45am Mind Matters: Breaking the Cycle of Adult ICU Delirium Prof Mark Van den Boogaard	9:15am - 9:30am Resource management: High value healthcare minimising adverse events Dr Peter Laussen
	8:45am - 9am Life after paediatric critical illness Prof Martha A.Q. Curley	9:30am - 9:45am Optimising Team Performance: The neuroscience of how teams perform under pressure Dr Liz Crowe
	9am - 9:15am Navigating Critical Illness and Recovery in the Older Adult Dr Lauren Ferrante	

10:30am - 11am

WHOLE EVENT Morning Tea & Industry Exhibition - Monday SESSION Location: Exhibition Hall (Bay 15, 16, 17)	<i>No presentation detail currently supplied.</i>
---	---

COMBINED / WHOLE EVENT

Adult: Best Medical Paper (ANZICS)

SESSION

11am - 11:15am

Day One PaO₂/FiO₂ Ratio Following Lung Transplantation is Associated with Prolonged Mechanical Ventilation

Dr Sebastian Croizat

11:15am - 11:30am

Long-term functional status, cognitive function, quality of life, and healthcare costs in the out-of-hospital cardiac arrest survivors: A ttm-2 substudy

Dr Ashwani Kumar

11:30am - 11:45am

N-lactoyl-phenylalanine may be a prognostic biomarker for sepsis-associated ARDS

Prof Yi Li

11:45am - 12pm

Circulating Mitochondrial DNA as a Prognostic Biomarker: A Comparative Study with Chest Trauma Severity Scoring Systems in Chest Trauma Patients

Dr Kavita Meena

12pm - 12:15pm

GLP-1 is not superior to insulin for glycaemic control during stress hyperglycaemia

Dr Aniket Nadkarni

12:15pm - 12:30pm

Utility of pleth variability index in predicting spinal anaesthesia-induced hypotension in elderly patients: a prospective diagnostic study

Dr Ajay Singh

COMBINED / WHOLE EVENT

Adult: Best Nursing Paper (ACCCN)

SESSION

11am - 11:15am

The secret life of dialysis catheters: A qualitative study of intensive care unit nurses' experiences of managing dialysis catheters

Dr Amanda Corley

11:15am - 11:30am

Nurse-led ultrasound-guided pivc reduces repeated cannulation and improves pivc dwell time in ICU

Mr Nash Estanero

11:30am - 11:45am

An Australian intensive care nurse practitioner transition to practice program: design, implementation and early outcomes.

11:45am - 12pm

Appropriate use criteria for arterial catheters in intensive care: Ace guide

Prof Samantha Keogh

12pm - 12:15pm

Family support in action: a qualitative process evaluation of key success factors for long-term care in older critical illness survivors

12:15pm - 12:30pm

Critical care nurses' support for, and willingness to participate in voluntary assisted dying: A mixed-methods study

Professor Melissa Bloomer

COMBINED / WHOLE EVENT

Adult: Renal Critical Care Critical Nephrology: Precision Care in the ICU

SESSION

11am - 11:15am

CRRT: When less is more

Emily See

11:15am - 11:30am

CRRT for 35 years small steps forward and working with the best

Dr Ian Baldwin

11:30am - 11:45am

Provision of care in remote communities/ top end, renal transplant

Ms Sarah Jones

11:30am - 11:45am

NEPTUNE

A/Prof Charissa Zaga

11:45am - 12pm

The Role of AKI Biomarkers in Clinical Practice

Marlies Ostermann

12pm - 12:15pm

Nephrologist perspective of AKI among ICU patients

Geoff Harley

COMBINED / WHOLE EVENT

Adult: The Long Tail of Critical Care: Supporting Patients After Discharge

SESSION

11am - 11:15am

Surviving is not the finish line: Post ICU recovery

Dr Thomas Rollinson

11:15am - 11:30am

The Journey Home: Helping Families Navigate Life After Intensive Care

Prof Andrea Marshall

11:30am - 11:45am

Fueling the Comeback: Nutrition After Critical Illness

A/Prof Lee-Anne Chapple

11:45am - 12pm

Intersection of aging and critical illness recovery

Dr Lauren Ferrante

12pm - 12:15pm

Quality of life post critical illness

Prof Mark Van den Boogaard

12:15pm - 12:30pm

PICUPS multi-disciplinary goal setting post ICU

Prof Sarah Wallace

COMBINED / WHOLE EVENT

Congenital heart disease - The changing faces: from newborn to adult ICU

SESSION

Location: Plenary 1

11am - 11:15am

'Born too soon' - The impact of Gestational age on outcomes after cardiac surgery

Dr Siva Namachivayam

11:15am - 11:30am

Understanding pulmonary hypertension in CHD: From early physiology to adult critical illness

Dr Jeffrey Fineman

11:30am - 11:45am

Supporting the failing single ventricle: ECLS challenges and outcomes in children and adults

Dr Ravi Thiagarajan

11:45am - 12pm

The adult with congenital heart disease: Modern challenges in critical care

Rachael Cordina

12pm - 12:15pm

Surgical challenges of the adult with congenital heart disease

AJ Lenger

COMBINED / WHOLE EVENT

Global Health Initiative 1

SESSION

11am - 11:15am

Advancing Global Critical Care Research and Practice Through Equitable Partnerships

Dr Rebecca Silvers

11:15am - 11:30am

Research and critical care in the Malawi setting

Dr Rodwell Gundo

11:30am - 11:45am

Establishing a high dependency unit in the Solomon Islands : Challenges and lessons in critical care delivery

Dr Emire Meone-Maefiti

11:30am - 11:45am

Establishing a high dependency unit in the Solomon Islands : Challenges and lessons in critical care delivery

Ms Serah Pitavolomo

11:45am - 12pm

Building Sustainable ICU Care in Small Island States: The Fiji ICU Guidelines Experience

Dr Sovaia Qarau

11:45am - 12pm

Building Sustainable ICU Care in Small Island States: The Fiji ICU Guidelines Experience

Anisi Kavoa

12pm - 12:15pm

MaGIC in Motion: The Mongolian and Global Intensive Care (MaGIC) Initiative

Ms Grace Huang

WFPICCS Pediatric: Chain of Survival SESSION	11am - 11:05am Prehospital Education for Families Mrs Sarah Duncanson	11:20am - 11:25am ECPR Dr Tia Raymond
	11:05am - 11:10am Quality CPR Prof Vinay Nadkarni	11:25am - 11:30am Post Cardiac Arrest Care Dr Alexis Topjian
	11:10am - 11:15am Resuscitation Team Training Dr Elaine Gilfoyle	11:30am - 11:35am Post Arrest Debriefing Dr Gabrielle Nuthall
	11:15am - 11:20pm Intra-arrest Defibrillation Dr Arun Bansal	

WFPICCS Pediatric: Chronic Critical Illness (CCI) Multidisciplinary Needs Now and into the Future SESSION	11am - 11:15am Introduction Dr Robert Graham	11:45am - 12pm Chronic Critical Illness and Outcomes Dr Neethi Pinto
	11:15am - 11:30am Caring for Children with Chronic Illness in the PICU and Beyond: An Allied Health Perspective Ms Alexandra Ferguson	12pm - 12:15pm Decision-making and Ethics in chronic critical illness Dr Miriam Shapiro
	11:30am - 11:45am Multidisciplinary Needs Now and into the Future Prof Anne-Sylvie Ramelet	12:15pm - 12:30pm Models of care for the future Dr Robert Graham

WFPICCS

Pediatric: When Cure Isn't Possible: Compassion and Ethics in Paediatric End-of-Life Care

SESSION

11am - 11:15am

Practice Recommendations for End-of-Life Care for Children in Intensive Care

Professor Melissa Bloomer

11:15am - 11:30am

Family bereavement support needs

Mrs Arielle Jolly

11:30am - 11:45am

When the Only Thing to Offer Is Humanity and Compassion

Dr Liz Crowe

11:45am - 12pm

Ethics limitations, EOL decision making

Dr Joe Brierley

12pm - 12:15pm

The Next Frontiers in End-of-Life Care in Paediatric Intensive Care

Dr Katie Moynihan

12:30pm - 1:30pm

WHOLE EVENT

Lunch & Industry Exhibition - Monday

SESSION

Location: Exhibition Hall (Bay 15, 16, 17)

No presentation detail currently supplied.

12:40pm - 1:20pm

WHOLE EVENT

Pediatric Meet the Experts - Delirium

FUNCTION

No presentation detail currently supplied.

WHOLE EVENT

Pediatric Meet the Experts - Extracorporeal Filtration

FUNCTION

No presentation detail currently supplied.

WHOLE EVENT

Pediatric Meet the Experts - Giving Young People a Voice

FUNCTION

No presentation detail currently supplied.

WHOLE EVENT Pediatric Meet the Experts - Global Sepsis Panel: Sepsis in low resource settings FUNCTION	No presentation detail currently supplied.	
WHOLE EVENT Pediatric Meet the Experts - Making Trials Work at the Bedside FUNCTION	No presentation detail currently supplied.	
COMBINED / WHOLE EVENT Pediatric: Meet the Experts - Extracorporeal Filtration SESSION Location: Meeting Room 111 & 112	No presentation detail currently supplied.	
WFPICCS Pediatric: Meet the Experts - Delirium SESSION Location: Meeting Room 109	No presentation detail currently supplied.	
WFPICCS Pediatric: Meet the Experts - Giving Young People a Voice SESSION Location: Meeting Room 106	12:40pm - 1:20pm Chair: Giving young people a voice: Patient communication strategies Dr Ashleigh E Butler 12:40pm - 1:20pm Giving young people a voice: Patient communication strategies Mrs Maggie James 12:40pm - 1:20pm Giving young people a voice: Patient communication strategies Ms Dinah Humphries	12:40pm - 1:20pm Giving young people a voice: Patient communication strategies Ms Susan Khanna 12:40pm - 1:20pm Giving young people a voice: Patient communication strate Ms Briar Gillard

WFPICCS Pediatric: Meet the Experts - Global Sepsis Panel: Sepsis in Low Resource Settings SESSION Location: Meeting Room 103	12:40pm - 1:20pm Chair: Global Sepsis Panel: Sepsis in low resource settings Dr Matthew Wiens	12:40pm - 1:20pm Panel: Global Sepsis Panel: Sepsis in low resource settings Dr Teresa Kortz
	12:40pm - 1:20pm Chair: Global Sepsis Panel: Sepsis in low resource settings Prof Niranjan Kissoon	12:40pm - 1:20pm Panel: Global Sepsis Panel: Sepsis in low resource settings Prof Brenda Morrow
	12:40pm - 1:20pm Panel: Global Sepsis Panel: Sepsis in low resource settings Prof Vinay Nadkarni	

WFPICCS Pediatric: Meet the Experts - Making Trials at the Bedside SESSION Location: Meeting Room 110	12:40pm - 1:20pm How to prevent delirium Dr Sapna Ravi Kudchadkar
---	---

1:30pm - 3pm

COMBINED / WHOLE EVENT Adult: ANZICS CTG SESSION	1:30pm - 1:45pm Logical Prof Carol Hodgson	2:30pm - 2:50pm The SDD Complete Works A/Prof Naomi Hammond
	1:45pm - 2pm Sodium Bicarbonate study A/Prof Ary Serpa Neto	2:30pm - 2:50pm The SDD Complete Works Prof Ian Seppelt
	2pm - 2:15pm Arise Fluids Prof Sandra Peake	

COMBINED / WHOLE EVENT

Adult: Best Allied Health Paper (ANZICS)

SESSION

1:30pm - 1:45pm

REDuced CARBohydrate formula improves glycaemic control when compared to standard care in critically ill patients (REDCARB study)

Dr Raeesa Doola

1:45pm - 3pm

Long term communication and swallowing disability in adults with persistent critical illness: A mixed-methods observational study

A/Prof Amy Freeman-Sanderson

2pm - 2:15pm

"I know there's super poor evidence for that...but it's not harming them" - What drives physiotherapy intervention delivery in Australian ICU survivors?

Ms Caitlin Ironside

2:15pm - 2:30pm

What does respiratory physiotherapy look like for patients requiring prolonged mechanical ventilation in Australia? A prospective multicentre audit of practice

Ms Caitlin Ironside

2:30pm - 2:45pm

Healthcare utilisation and costs before and after ecmo in Australia: a cross-jurisdictional linkage study of the bi-national ecmo registry (excel registry)

Ms Vicki Papanikolaou

2:45pm - 3pm

Exploring the barriers and enablers to patient communication in the Intensive Care Unit

A/Prof Charissa Zaga

COMBINED / WHOLE EVENT

Adult: Organ Donation

SESSION

No presentation detail currently supplied.

COMBINED / WHOLE EVENT

Adult: Sustainable Medicine: The ICU's Role in Climate-Ready Healthcare

SESSION

1:30pm - 1:45pm

MedZero: The journey towards zero carbon emissions

Dr Forbes McGain

1:45pm - 2pm

Green Critical Care Nephrology

Marlies Ostermann

2pm - 2:15pm

Environmentally sustainable digital models of care

A/Prof Zerina Lokmic-Tomkins

2:15pm - 2:30pm

From small things big things grow - SMART-ICU (Supporting more appropriate routine testing - ICU)

Dr Nhi Nguyen

2:15pm - 2:30pm

Presentation title to be announced

Dr Komal Bajaj

COMBINED / WHOLE EVENT

Transitions of Care

SESSION

1:30pm - 1:45pm

From NICU to PICU: Navigating intensive care admissions in early life

Dr Sarah Seaton

1:45pm - 2pm

Bridging the gap: Optimizing Transitions from PICU to adult ICU

Prof Anne-Sylvie Ramelet

2pm - 2:15pm

Model of Care

Ying Gu

2:15pm - 2:30pm

Paediatric transplant care in an adult ICU

Ms Smitha Sivaprasad

2:30pm - 2:45pm

The concept of 'Age'

Dr Ryo Ueno

WFPICCS

Paediatric Organ Donation: Current Practice and Innovations

SESSION

1:30pm - 1:40pm

Trust in Paediatric Organ Donation

Dr Sonny Dhanani

1:40pm - 1:50pm

Family perspective

Marina Ralfe

1:50pm - 2pm

Approach to offering organ donation to families

Dr Elena Cavazzoni

2pm - 2:10pm

Kidney Donation in patients under 12 months old: Challenges, Ethics, and Opportunities

Ms Mellissa Short

2:10pm - 2:20pm

New Frontiers in Paediatric Organ Donation

Dr Omer Aziz

WFPICCS

Pediatric: ECMO: Right Patient. Right Support. Better Recovery.

SESSION

1:30pm - 1:36pm

ECMO modes- Global summary

Dr Peta Alexander

1:36pm - 1:42pm

Central vs Peripheral ECMO

Dr Peter Roeleveld

1:42pm - 1:48pm

VV Modes and New Modes RA-PA- long term ECMO support

Dr Georgia Brown

1:48pm - 1:54pm

From Modes to Meaningful Decisions: ECMO Selection Challenges in the Real World

Dr Silvio Fabio Torres

2:05pm - 2:11pm

Small Steps, Big impact: Early mobilisation in ECMO care

Ms Alexandra Ferguson

2:11pm - 2:17pm

Lost in the Loop: Navigating Pharmacokinetics and Delirium in ECMO patients

Ms Michele Cree

2:17pm - 2:23pm

Shifting the focus- Optimising early neuro-rehabilitation for children on ECMO

Dr Ravi Thiagarajan

2:23pm - 2:29pm

Care in Collaboration: Nursing, Family engagement and Team Dynamics in ECMO rehabilitation

Ms Amy Johansen

WFPICCS

Pediatric: Management of Children after Pediatric Cardiac Surgery

SESSION

11am - 11:15am

Incidence anatomy and outcome of CHD

Dr Charles Larson

11:30am - 11:45am

Management of low cardiac output after surgery

Dr David Cooper

11:45am - 12pm

Role of ECMO after surgery

Roberto Chiletto

12pm - 12:15pm

Tissue oxygen delivery

Sophie Fincher

1:45pm - 2pm

Surgery and congenital heart disease

Edward Buratto

WFPICCS

Pediatric: Understanding PICS-p: From Concept to Care

SESSION

1:30pm - 1:45pm

Fireside chat' format on development, conceptual underpinnings, and future vision of PICS-p. (origins and scope PICS-p, domains and mechanisms, evolution & vision)

Prof Martha A.Q. Curley

1:30pm - 1:45pm

Fireside chat' format on development, conceptual underpinnings, and future vision of PICS-p. (Origins and scope PICS-p, domains and mechanisms, evolution & vision)

Professor Joseph Manning

1:45pm - 2pm

Facilitating Rehabilitation and Recovery through Trauma Informed Care

Prof Karen Choong

2pm - 2:15pm

Operationalising PICS-p Measurement: Screening, Tools, and Collaboration

Dr Ericka Fink

2:15pm - 2:30pm

Beyond survival: Cultural influences on PICS-p recovery

Dr Pei-Fen Poh

2:30pm - 2:45pm

The Impact of PICU Admission on Parental Wellbeing and the Interplay of Parent-Child Distress

Belinda Dow

WFPICCS

Pediatric: What we do and don't know about paediatric sepsis in practice and research

SESSION

1:30pm - 1:45pm

Epidemiology of Phoenix Pediatric Sepsis

Scott Weiss

1:45pm - 2pm

Phoenix Sepsis Criteria Lessons Learned in First 3 years

Dr L. Nelson Sanchez-Pinto

2pm - 2:15pm

Hemodynamic management of paediatric septic shock - can we wait for the evidence?

Dr Ranjit Suchitra

2:15pm - 2:30pm

Top 10 things we got wrong in paediatric sepsis research

Professor Luregn Schlapbach

2:30pm - 2:45pm

The vascular endothelium as a therapeutic target in sepsis

Dr Mark Coulthard

3:30pm - 5pm

WHOLE EVENT

Afternoon Tea & Industry Exhibition - Monday

SESSION

Location: Exhibition Hall (Bay 15, 16, 17)

No presentation detail currently supplied.

COMBINED / WHOLE EVENT

Adult: ANZICS CORE

SESSION

No presentation detail currently supplied.

COMBINED / WHOLE EVENT

Adult: Mechanical Circulatory Supports

SESSION

3:30pm - 3:45pm

The first footprints - Setting up a new service

Yolanda Cox

4:15pm - 4:30pm

A fork in the road- role of Impella in an ECMO world

A/Prof Yang Yang

3:45pm - 4pm

Creating a map- the NHMRC-endorsed ECMO guidelines

Mrs Sally Newman

4:30pm - 4:45pm

Equaity of access

Paul Nixon

4pm - 4:15pm

Left ventricular unloading in venoarterial ECMO

Dr Ryan Ling

COMBINED / WHOLE EVENT

Adult: Neurocritical Illness: An Integrated Critical Care Approach

SESSION

3:30pm - 3:45pm

Delivering bad news in the ICU following traumatic injury

A/Prof Stephen Warrillow

4:15pm - 4:30pm

Neurological Surveillance in ICU

Ms Jaime Schey

3:45pm - 4pm

Feeding the Injured Brain

A/Prof Emma Ridley

4:15pm - 4:30pm

Presentation title to be announced

Ms Carly TEST Rienecker

4pm - 4:15pm

Pharyngeal Electrical Stimulation: Advancing swallow recovery in neurocritical care

Prof Sarah Wallace

4:30pm - 4:45pm

Neurophotronics: Bio-optical Monitoring and Therapeutic Modalities in Brain Injury

A/Prof Eamon Raith

COMBINED / WHOLE EVENT Adult: When Care Extends Beyond Life: Advancing Organ Donation Practice SESSION	3:30pm - 3:45pm Lung Donor Optimisation Miranda Ann Paraskeva	4:15pm - 4:30pm New Horizons in Donation Dr Sam Radford
	3:45pm - 4pm National best practices in organ donation Ms Alison Hodak	4:30pm - 4:45pm The Seven Lives of Monica Mrs Cherry Dhingra
	4pm - 4:15pm Law reform, definition of death, ante-mortem interventions and VA Helen Opdam	

COMBINED / WHOLE EVENT Future-Proofing the Critical Care Workforce SESSION	3:30pm - 3:45pm The Australian and New Zealand ICU workforce: a point-prevalence survey Prof Wendy Pollock	4pm - 4:15pm Defining the role and educational preparation of acute hospital nurses in the “in-charge” position: a scoping review Mrs Angelique Clarke
	3:45pm - 4pm Keeping clinicians at the bedside Prof Ruth Endacott	4:15pm - 4:30pm Title to be announced Dr Komal Bajaj

5pm - 6:30pm

WHOLE EVENT Meet the Editor (Wine and Cheese) FUNCTION Location: Meeting Room 105 & 106	<i>No presentation detail currently supplied.</i>
---	---

5pm - 7pm

WHOLE EVENT Welcome Reception SOCIAL FUNCTION Location: Exhibition Hall (Bay 15, 16, 17)	<i>No presentation detail currently supplied.</i>
--	---

Tuesday 29 September

7:15am - 8:15am	
WHOLE EVENT Ask the - Experts Addressing Healthcare Inequity FUNCTION	No presentation detail currently supplied.
WHOLE EVENT Ask the Experts - Addressing Healthcare Inequity FUNCTION	No presentation detail currently supplied.
WHOLE EVENT Ask the Experts - Critical Care in LMIC FUNCTION	No presentation detail currently supplied.
WHOLE EVENT Ask the Experts - Let's Liberate: Implementing PICU Liberation in Your Unit FUNCTION	No presentation detail currently supplied.
WHOLE EVENT Ask the Experts - Nuances in CRRT/Plex/Adsorp FUNCTION	No presentation detail currently supplied.
WHOLE EVENT Ask the Experts - QI by AI FUNCTION	No presentation detail currently supplied.
WHOLE EVENT Ask the Experts - Rethinking Trials: The Platform Approach FUNCTION	No presentation detail currently supplied.

WHOLE EVENT Combined Ask the experts - The Future of Intensive Care in the Pacific FUNCTION	<i>No presentation detail currently supplied.</i>	
WHOLE EVENT Linet HPA Sponsored Lunch Session FUNCTION	<i>No presentation detail currently supplied.</i>	
WHOLE EVENT Pediatric Meet the Experts - Pulmonary Hypertension FUNCTION	<i>No presentation detail currently supplied.</i>	
WHOLE EVENT Vantive Sponsored Breakfast Session FUNCTION	<i>No presentation detail currently supplied.</i>	
COMBINED / WHOLE EVENT Combined Ask the Experts SESSION	7:15am - 8:15am Panel: How do we design a model of intensive care medicine that meets the needs of the Pacific, particularly for small island developing states? Dr Sovaia Qarau	7:15am - 8:15am Panel: How do we design a model of intensive care medicine that meets the needs of the Pacific, particularly for small island developing states? Mrs Susana Peti
	7:15am - 8:15am Panel: How do we design a model of intensive care medicine that meets the needs of the Pacific, particularly for small island developing states? Ms Marina Lapisae	7:15am - 8:15am Panel: How do we design a model of intensive care medicine that meets the needs of the Pacific, particularly for small island developing states? Maika Seru
	7:15am - 8:15am Panel: How do we design a model of intensive care medicine that meets the needs of the Pacific, particularly for small island developing states? Mr Sera Buke	

WFPICCS Ask the Experts - Tuesday SESSION		
	7:15am - 8:15am Practical strategies to optimise nutrition and oral feeding in cardiac infants Dr Georgia Brown	7:15am - 8:15am Research / Education Kenya: How Interface Now Occurs Dr Amelie Von Saint Andre-von Arnim
	7:15am - 8:15am Nuances in CRRT/Plex/Adsorp Prof Akash Deep	7:15am - 8:15am Progress in last 20 years; interface between PICU and child public health Trevor Duke

11am - 12:30pm

COMBINED / WHOLE EVENT Sepsis SESSION		
	11am - 11:20am Sepsis Australia & the Asia Pacific Sepsis Alliance update A/Prof Naomi Hammond	11:45am - 12pm Queensland paediatric sepsis mortality A/Prof Paula Lister
	11:30am - 11:45am Sepsis associated acute kidney injury - mechanisms and need for sub-phenotyping Marlies Ostermann	12pm - 12:20pm What is the optimal paed Sepsis follow up program? Ms Natalie Middleton
	11:40am - 12pm Sepsis prevention and recovery in children Dr Adrienne Randolph	

INTENSIVE CARE ASM Ageing in the ICU: Frailty, Complexity & Compassion SESSION		
	11am - 11:15am Older community dwelling people Velandai Srikanth	11:45am - 12pm Complexities of ICU management of frail people A/Prof Ashwin Subramaniam
	11:15am - 11:30am Frailty in the perioperative environment Jai Darvall	12pm - 12:15pm Frailty as a trigger for goals-of-care discussions in rapid response calls Ms Deb Sharp
	11:30am - 11:45am Medication and discharge / Polypharmacy Prof Elizabeth Manias	

INTENSIVE CARE ASM

Matt Spence Medal (ANZICS)

SESSION

11am - 11:15am

**AT WHAT COST? EMPLOYMENT
OUTCOMES OF ICU SURVIVORS**

Dr Zak Doherty

11:15am - 11:30am

**RAPID DE-ADOPTION OF PRONE
POSITIONING FOR SEVERE ACUTE
RESPIRATORY INFECTION POST-COVID-
19: A TIME-SERIES ANALYSIS OF THE
SPRINT-SARI DATABASE.**

Dr Frederick Hopkinson

11:30am - 11:45am

**An AI Virtual Patient Platform to Improve
Goals-of-Care Communication Skills in
Intensive Care Junior Doctors: A Pilot
Interventional Study**

Dr Rachael Lim

11:45am - 12pm

**SOcio-Linguistic Differences and ICU
Outcomes: A Retrospective Multicentre
Analysis in a Large Health Network
(SOLID-ICU)**

Dr Ines Pedro Vaz

12pm - 12:15pm

**Circuit pressure dynamics and survival in
extracorporeal CO₂ removal combined
with continuous renal replacement
therapy: a single-centre retrospective
cohort study**

Dr Benjamin Sansom

12:15pm - 12:30pm

**Association Between Early Sodium
Fluctuations and In-Hospital Mortality in
Patients with Hyponatraemia Admitted
to Intensive Care: A Registry-Based
Analysis**

Dr Kate Spalding

INTENSIVE CARE ASM

Nursing Scholarship (ACCCN)

SESSION

11am - 11:15am

Impact of Time to Antibiotic Administration on Emergency and Hospital Outcomes Among Febrile Oncology Patients

Dr Anas Alsharawneh

11:15am - 11:30am

Supporting nurses during intensive care surge events through the development of a surge toolkit using an exploratory sequential mixed-method design.

Mrs Belinda Causby

11:30am - 11:45am

PREPARING FAMILIES FOR PATIENT DEATH IN THE ICU: DEVELOPMENT OF A COMPLEX INTERVENTION

Ms Alysia Coventry

11:45am - 12pm

Debriefing to promote intensive care unit nurse wellbeing: A hybrid type 2 implementation-effectiveness study

Dr Annabel Levido

12pm - 12:15pm

Healthcare professional perspectives on involving patients and carers with diverse cultural or linguistic characteristics in escalating clinical deterioration concerns

Mrs Sarah Rooney

12:15pm - 12:30pm

Central line associated infection prevention: A mixed method systematic review of healthcare workers' knowledge, attitudes and practices

Mrs Jitha Titus

INTENSIVE CARE ASM

When the vent won't let go: Understanding complex weaning

SESSION

11am - 11:15am

Recognising the needs of patients with complex ventilator weaning

A/Prof Ary Serpa Neto

11:15am - 11:30am

More Than Monitoring: Nursing Priorities in Ventilator Weaning

Mr Simon Edgecombe

11:30am - 11:45am

Ventilated but not voiceless: why communication matters

A/Prof Charissa Zaga

11:45am - 12pm

Breathing in to get the tube out - and keep it out: Respiratory muscle strength and training

Dr Marc Nickels

12pm - 12:15pm

To the ward and beyond: Ventilation outside of the ICU

Prof Mark Howard

WFPICCS**Building Research Capacity**

SESSION

11am - 11:15am**Research networks as drivers of sustainable capacity building**

Dr Patricia Fontela

11:15am - 11:30am**Building global PICU research capacity through binational partnerships**

Prof Kristen Gibbons

11:30am - 11:45pm**Promoting mentorship and capacity building through innovative trial design**

Prof Mark Peters

11:45am - 12pm**Nurses as research leaders: From clinical expertise to scientific impact**

Prof Amanda Ullman

12pm - 12:15pm**Zoom or Room: Can virtual training truly replace in-person engagement? (Debate)**

Dr Patricia Fontela

12pm - 12:15pm**Zoom or Room: Can virtual training truly replace in-person engagement? (Debate)**

Professor Luregn Schlapbach

12:15pm - 12:30pm**What I wish I knew: Pathways for clinician researchers (Panel)**

Dr Ranjit Suchitra

12:15pm - 12:30pm**What I wish I knew: Pathways for clinician researchers (Panel)**

Dr Graeme Oconnor

12:15pm - 12:30pm**What I wish I knew: Pathways for clinician researchers (Panel)**

Dr Sarah Seaton

12:15pm - 12:30pm**What I wish I knew: Pathways for clinician researchers (Panel)**

Prof Amanda Ullman

WFPICCS**Challenging Case Presentations**

SESSION

11am - 11:20am**"Fanning the Flames"...Enterovirus as a critical trigger for neonatal HLH**

Dr Gerri Sefton

11:20am - 11:40am**When the Heart Hits Fast-Forward: Cracking Pediatric Tachyarrhythmias**

Dr Adam Szadkowski

11:40am - 12:10pm**Bit by the jitterbug**

Dr Melany Gaetani

12pm - 12:20pm**When the lungs are not the whole story**

Dr Melanie Kitagawa

WFPICCS

Clinical Ethics

SESSION

11am - 11:15am

Limiting access to critical care in the UK

Dr Joe Brierley

11:15am - 11:30am

Inpatient and intensive care services in the US, racial/ethnic composition, and urbanicity

Dr Katie Moynihan

11:30am - 11:45am

Ethical considerations for pediatric intensive and critical care delivery in resource limited settings

Prof Brenda Morrow

11:45am - 12pm

Ethical considerations for pediatric intensive and critical care delivery in resource unlimited settings

Prof Ira Cheifetz

12pm - 12:15pm

When is it time to stop?

Dr Simon Erickson

WFPICCS

Nutrition

SESSION

11am - 11:15am

Does nutrition in the first week in PICU matter?

Prof Nilesh Mehta

11:15am - 11:30am

Food Based Formulas in the management of gastrointestinal symptoms in PICU

Dr Graeme Oconnor

11:30am - 11:45am

Indirect calorimetry in PICU: Where are we now?

Ms Tamara Farrell

11:45am - 12pm

To measure gastric residual volume or not: results from the GASTRIC-PICU Trial

Prof Lyvonne N. Tume

12pm - 12:15pm

When Every Drop Matters: Supporting Human Milk Provision in Critical Illness

Mrs Kaitlin Szpytman

12:15pm - 12:30pm

Transitioning from tubes to tastes: dysphagia and oral feeding in the PICU

Ms Christie Grunke

WFPICCS

Sedation/Delirium

SESSION

11am - 11:15am

Introduction to a Complex Case

Dr Corrine Balit

11:15am - 11:30am

Medication Optimisation for Early Rehabilitation in Paediatric Critical Care

Mrs Hanna Holschier

11:30am - 11:45am

Sedation Minimisation

Dr Sapna Ravi Kudchadkar

11:45am - 12pm

LMIC - Resource Allocation

Dr Jorge Gonzalez

12pm - 12:15pm

Outcomes of PICU Analgosedation. What we do and do not know

Dr Laurie Lee

12:15pm - 12:30pm

Navigating the Wake-Up: Family Experiences During Sedation Weaning in the PICU

Prof Anne-Sylvie Ramelet

WFPICCS

Ventilation

SESSION

11am - 11:20am

Global variation in ventilating paediatric patients, acceptable or not?

Professor Martin Kneyber

11:20am - 11:35am

Ventilation and advances in PARDS with AI

Professor Christopher Newth

11:35am - 11:50am

Using behaviour change strategies to reduce VAP

Ying Gu

11:50am - 12:05pm

Home Ventilation and advances in AI

Dr Robert Graham

12:05pm - 12:20pm

Mechanical ventilation strategies at each stage of a long journey through ICU

Dr Yolanda Lopez-Fernández

12:40pm - 1:20pm

WHOLE EVENT

Meet the Experts (Lunch Tuesday)

SESSION

12:40pm - 1:20pm

Delirium prevention and management:
What works in practice?

Ms Michele Cree

12:40pm - 1:20pm

Delirium prevention and management:
What works in practice?

Dr Laurie Lee

12:40pm - 1:20pm

Translation of research: Do clinical trials
change practice

Dr David Inwald

12:40pm - 1:20pm

Translation of research: Do clinical trials
change practice

Dr Rajit Basu

12:40pm - 1:20pm

Delirium prevention and management:
What works in practice?

Mrs Lynette Eaton

12:40pm - 1:20pm

Development of pediatric ICU: In
regional / adult hospital Balancing
clinical quality and research

A/Prof Felix Oberender

12:40pm - 1:20pm

Development of pediatric ICU: In
regional / adult hospital Balancing
clinical quality and research

Dr Elaine Gilfoyle

12:40pm - 1:20pm

Organ Donation

Dr Sonny Dhanani

12:40pm - 1:20pm

Pulmonary Hypertension

Dr Jeffrey Fineman

WHOLE EVENT

Meet the Exerts - Organ Donation

FUNCTION

No presentation detail currently supplied.

WHOLE EVENT

Meet the Expert - Development of pediatric ICU: In regional / adult hospital
Balancing clinical quality and research

FUNCTION

No presentation detail currently supplied.

WHOLE EVENT

Meet the Experts - Delirium prevention and management: What works in
practice?

FUNCTION

No presentation detail currently supplied.

WHOLE EVENT**Meet the Experts - Organ Donation**

FUNCTION

*No presentation detail currently supplied.***WHOLE EVENT****Meet the Experts- Translation of research: Do clinical trials change practice**

FUNCTION

*No presentation detail currently supplied.***INTENSIVE CARE ASM****Nurse Practitioner Workshop**

SESSION

*No presentation detail currently supplied.***1:30pm - 3pm****COMBINED / WHOLE EVENT****Expanding Horizons: Advanced Practice Nursing and Evolving Roles in the ICU**

SESSION

1:30pm - 1:45pm**Are nurses in ICU working to their full scope of practice?**

Tom Buckley

1:45pm - 2pm**Advanced practitioners in critical care: expanding scope and impact**

Dr Gerri Sefton

2pm - 2:15pm**Regulatory considerations of RN prescribing: relevance to the ICU nurse and advanced practice**

Prof Carol Grech

2:15pm - 2:30pm**ICU outreach services for safer transitions of care: scope and practice of the nurses' role**

Professor Joseph Manning

2:30pm - 2:45pm**The Scope of Practice of Nurse Practitioners in ICU: a national perspective**

Sarah Webb

COMBINED / WHOLE EVENT

Global Health Initiative 2

SESSION

1:30pm - 1:45pm

Making sepsis a global health success story

Prof Niranjan Kissoon

1:45pm - 2pm

Global PARITY: Estimating the Burden of Pediatric Acute Critical Illness Across Resource-Constrained Settings

Dr Teresa Kortz

2pm - 2:15pm

Equitable access to essential therapies: insights from the Lancet Global Health Oxygen Commission

Dr Hamish Graham

2:15pm - 2:30pm

Critical care workforce capacity in Africa (firefighting and beyond)

Dr John Adabie Appiah

2:30pm - 2:45pm

The Sepsis Divide: When Precision Medicine Leaves Global Health Behind

Steve McGloughlin

INTENSIVE CARE ASM

25% in 2025: Women in intensive care medicine

SESSION

1:30pm - 1:45pm

WIN: The History

Sandra Lussier

1:45pm - 2pm

What success can look like

Dr Hannah Coleman

2pm - 2:15pm

WIN: The future

Professor Imogen Mitchell

2:15pm - 3pm

Panel: Why so few women ICU consultants? Any solutions?

Dr Lauren Ferrante

2:15pm - 3pm

Panel: Why so few women ICU consultants? Any solutions?

Dr Rachel Lister

2:15pm - 3pm

Panel: Why so few women ICU consultants? Any solutions?

Neil Orford

2:15pm - 3pm

Panel: Why so few women ICU consultants? Any solutions?

Dr Nhi Nguyen

2:15pm - 3pm

Panel: Why so few women ICU consultants? Any solutions?

Priya Nair

INTENSIVE CARE ASM

Best Safety and Quality Paper (ANZICS/ACCCN)

SESSION

1:30pm - 1:45pm

Neuroprognostication Practices at Monash Medical Centre (MMC) and Victorian Heart Hospital (VHH), Monash Health

Dr Vinay Bharatula

1:45pm - 2pm

A Pragmatic Risk-Stratified Framework for Using Large Language Models in Intensive Care Medicine

Dr Nilesh Anand Devanand

2pm - 2:15pm

The ICU simulation core curriculum: An interprofessional simulation program for team training and patient safety

Dr Kerrienne Huynh

2:15pm - 2:30pm

Sustainable quality improvement by trainees: Improving the adherence of post-extubation non-invasive ventilation in high risk patients

Dr Anton Nikouline

2:30pm - 2:45pm

Merging sustainability with patient safety in intensive care unit

Mr Kaushal Patel

2:45pm - 3pm

ICU Bed Unavailability Is the Dominant Cause of Operating Theatre Cancellations for Patients Requiring Post-Operative Intensive Care Admission

Dr Ben Seymour

INTENSIVE CARE ASM

Navigating the Final Hours in Critical Care

SESSION

1:30pm - 1:45pm

Voluntary Assisted Dying in ICU: It's complicated

Professor Melissa Bloomer

1:45pm - 2pm

Cultural assessment, communication and bereavement support

Dr Laura Brooks

2pm - 2:15pm

End-of-life care for people with diverse cultural characteristics

Dr Krish Sundararajan

2:15pm - 2:30pm

What would you do? Complex decision making in ICU

A/Prof Steve Philpot

2:30pm - 2:45pm

A good death

Max Moser

INTENSIVE CARE ASM

Nursing Free Papers (ACCCN)

SESSION

1:30pm - 1:45pm

Effectiveness of multimodal delirium education (del-ed) for accurately screening critically ill patients with delirium at a tertiary care hospital in pakistan: A quasi-experimental study

Ms Zahira Amir Ali

1:45pm - 2pm

'It's the last thing on my mind': ICU clinicians' perceptions and experiences of sexuality and sexual health in critical illness

Ms Sarah Doherty

2pm - 2:15pm

Implementing a human-centred AI-enabled ICU journey summary: A translational framework for critical illness survivorship

Dr Gideon Johnson

2:15pm - 2:30pm

Animal-assisted activities in adult intensive care: Feasibility, safety, acceptability and patient selection

Ms Tania Lovell

2:45pm - 3pm

Artificial intelligence and planetary health: Reframing nursing's ethical responsibility through relational justice

Dr Agness Chisanga Tembo

INTENSIVE CARE ASM

The Failing Heart: Cutting-Edge ICU Management

SESSION

1:30pm - 1:45pm

Oral vasopressors in the ICU and beyond

Dr Rahul Costa-Pinto

1:45pm - 2pm

Latest developments in heart failure and transplant

Caitlin Cheshire

2pm - 2:15pm

Shock teams: An MDT approach to cardiogenic shock

Dr Mark Dennis

2:15pm - 2:30pm

Waking UP! Anaesthetic emergence agitation in the intensive care unit after adult cardiac surgery

Dr Meredith Heily

2:30pm - 2:45pm

Post-resuscitation care for comatose patients who have suffered out-of-hospital cardiac arrests

A/Prof Naomi Hammond

WFPICCS Early Rehabilitation - It Takes a Village SESSION	1:30pm - 1:45pm Gathering the team to move the patient - Early mobilisation and rehabilitation across all ages in PICU Mrs Hannah Child	2pm - 2:15pm Nutrition during early rehabilitation - the balancing act Ms Jemma Woodgate
WFPICCS Family-centred Care: What Do Families Need in the 21st Century? SESSION	1:30pm - 1:45pm Family speakers Mrs Kathleen Jenkins	2:05pm - 2:15pm Can we routinely measure PROEMS? Dr Tony Slater
WFPICCS Nutrition, Renal Failure and ECOST SESSION	1:30pm - 1:50pm Infection in ECMO patients: Changes in epidemiology, diagnosis and prevention Dr Yolanda Lopez-Fernández	2:10pm - 2:30pm Protein vs calories in acute PICU patients Prof Nilesch Mehta
	1:45pm - 2pm Empowering Recovery: Early Mobilisation and Liberation in Paediatric Intensive Care with limited resources Mrs Manpreet Kaur	2:15pm - 2:30pm PICU Liberation - is it Worth the Cost? Prof Karen Choong
	1:30pm - 1:45pm Family speakers Mrs Kristy Steadman	2:15pm - 2:25pm The unseen struggles and strengths of parents and families Prof Anne-Sylvie Ramelet
	1:45pm - 2:55pm Bridging the gap between critical care team and families Dr Lauren Sorce	2:25pm - 2:35pm Consumer- clinician partnership for ANZ PICU research priority setting Ms Alyssa Serratore
	1:55pm - 2:05pm Who is family? Dr Ashleigh E Butler	
	1:50pm - 2:10pm Renal angina index a useful predictor for AKI Dr Rajit Basu	2:30pm - 2:50pm Practical nutrition strategies for kidney dysfunction in the PICU Ms Jacinta Winderlich

3:30pm - 5pm

INTENSIVE CARE ASM

Australian Critical Care Research Awards

SESSION

No presentation detail currently supplied.

5pm - 6:30pm

WHOLE EVENT

Meet the Editors

SESSION

5pm - 6:30pm

Panel Discussion - What can we expect to see in the next decade for publishing?

Prof Andrea Marshall

5pm - 6pm

Panel Discussion - What can we expect to see in the next decade for publishing?

A/Prof Ary Serpa Neto

5pm - 6:30pm

Panel Discussion - What can we expect to see in the next decade for publishing?

Prof Robert Tasker

5pm - 6:30pm

Panel Discussion - What can we expect to see in the next decade for publishing?

A/Prof Stephen Mckeever

5pm - 6:30pm

Panel Discussion - What can we expect to see in the next decade for publishing?

Prof Mark Van den Boogaard

5pm - 6:30pm

Panel Discussion - What can we expect to see in the next decade for publishing?

Prof Lyvonne N. Tume

5pm - 6:30pm

Panel Discussion - What can we expect to see in the next decade for publishing?

Prof Carol Hodgson

7pm - 10:30pm

WHOLE EVENT Ask the Experts - Using PICU Registries for Care Improvement, Benchmarking, and Equity FUNCTION		No presentation detail currently supplied.
WHOLE EVENT Ask the Experts Ventilation: Minisiming Lung Injury FUNCTION		No presentation detail currently supplied.
WFPICCS Ask the Experts Wednesday SESSION	7:15am - 8:15am Presentation to be announced Dr Christopher Horvat	7:15am - 8:15am Presentation to be announced Dr Traci Wolbrink
11am - 12:30pm		
COMBINED / WHOLE EVENT Transforming Critical Care and Research Through Innovation SESSION	11am - 11:15am EMR Embedded Trials Prof Adam Deane	11:45am - 12pm PIVOTAL & REMAP-CAP Mr Paul Mouncey
	11:15am - 11:30am MARCH trial results (recently published in NEJM) Prof Bronwen Connolly	12pm - 12:15pm Implementation of complex evidence-based interventions into practice Prof Michelle Kho
	11:30am - 11:45am PLATINUM Prof Kristen Gibbons	

COMBINED / WHOLE EVENT**Workforce**

SESSION

*No presentation detail currently supplied.***COMBINED / WHOLE EVENT****The Future Healthcare Workforce: Building Culture, Capability and Connection**

SESSION

*No presentation detail currently supplied.***INTENSIVE CARE ASM****Navigating Critical Illness: Part 2**

SESSION

11am - 11:15am**Sepsis**

Dr Alex Poole

11:30am - 11:45am**Presentation title to be announced**

Marlies Ostermann

11am - 11:15am**Survive then thrive - advancing multidisciplinary ICU patient rehabilitation**

Prof Sarah Wallace

11:45am - 12pm**Time limited ICU trials**

Dr Lauren Ferrante

11:15am - 11:30am**The Long Road After ICU: Understanding Recovery Trajectories**

Prof Mark Van den Boogaard

12pm - 12:15pm**Are trauma tertiary surveys in the intubated patient identifying injuries?**

Mrs Catherine Bell

INTENSIVE CARE ASM**Rapid Response Systems (Quality & Safety)**

SESSION

11am - 11:15am**A hospital-wide approach for deteriorating patients**

Prof Daryl Jones

11:45am - 12pm**The role of physiotherapists in outreach**

Dr Thomas Rollinson

11:15am - 11:30am**Defining the scope of practice for outreach nurses**

Prof Deb Massey

12pm - 12:15pm**The RRT in LAMICs**

Ms Larissa Bianchini

11:30am - 11:45am**From Response to Responsibility: How MET Stand Down Decisions Impact Patient Outcomes**

Dr Natalie Kondos

INTENSIVE CARE ASM Thriving in Critical Care: Mentorship, Culture & Wellbeing SESSION	11am - 11:15am Sustaining and retaining nurses: "It was transformative" A/Prof Rebecca Jarden 11:15am - 11:30am Building a Sustainable ICU Workforce: Time for System-Level Change Dr Annabel Levido 11:30am - 11:45am Critical moments: Early psychological interventions in the ICU Ms Jessica Hampton	11:45am - 12pm How We Turned Well Being Around Dr Kerrienne Huynh 12pm - 12:15pm Panel: Mentorship Tim Leong
INTENSIVE CARE ASM Value Driven Critical Care: Quality at Every Step SESSION	11am - 11:15am Presentation title to be announced Ms Matthew Maiden 11:15am - 11:30am Where Value-Based Critical Care Goes Next Mrs Lane Meredith	11:30am - 11:45am Presentation title to be announced Dr Komal Bajaj 11:45am - 12pm Patient expressed values: donation decision registries such as the Australian system Dr Sam Radford
WFPICCS Brain: Do it for their Neurons SESSION	11am - 11:10am Neuroprognostication - Utility of Biomarkers Dr Ericka Fink 11:10am - 11:20am Building a neurocritical care program Prof Robert Tasker 11:20am - 11:30am Hypothermia post arrest Dr Alexis Topjian	11:30am - 11:40am Neuroprotection, cell death mechanisms Dr Robert Clark 11:40am - 11:50am Brain recovery ICU syndrome or long-term outcomes Dr Debbie Long

WFPICCS Can We Prevent Paediatric Clinical Deterioration? SESSION	11am - 11:15am Debate "Human v machine is best" Dr Peter Laussen 11am - 11:15am Debate "Human v machine is best" Prof Mark Peters 11:15am - 11:30am Predicting who is going to deteriorate Dr Gerri Sefton 11:30am - 11:45am Optimising paediatric early warning systems Prof Fenella Gill	11:45am - 12pm Why nurses and doctors fail to recognise and respond to clinical deterioration Dr Orsola Gawronski 12pm - 12:15pm High performance teams Dr Christopher Parshuram 12:15pm - 12:30pm What does good look like? Defining meaningful outcomes for Rapid response systems Prof Akash Deep
WFPICCS Late breaking - Hot Off the Press SESSION	<i>No presentation detail currently supplied.</i>	
WFPICCS Retrieval / Transport SESSION	11am - 11:10am Outcomes for retrieved infants with bronchiolitis high income countries Dr Tina Kendrick 11:10am - 11:20am How do paediatric retrieval targets translate to improvement in outcomes? Prof Padmanabhan Ramnarayan 11:20am - 11:30am Two systems, One mission: Critical Care Transport in Japan and Australia. Comparative lessons for speed, safety and outcomes Dr Kenji Morimoto	11:30am - 11:40am Building Capacity: nurses' role in retrieval Mr Josh West 11:40am - 11:50am Paediatric retrieval against the odds: Innovations in low-resource settings Dr Jorge Gonzalez

WHOLE EVENT

Meet the Experts (Lunch Wednesday)

SESSION

12:40pm - 1:20pm

Building a Learning Health System in PICU

Ms Amy Johansen

12:40pm - 1:20pm

Building a Learning Health System in PICU

Ying Gu

12:40pm - 1:20pm

Building a Learning Health System in PICU

Dr Adam Dziorny

12:40pm - 1:20pm

Chair: Establishing multi-disciplinary POCUS at the bedside: Physiotherapy and Dietetics

Dr Yolanda Lopez-Fernández

12:40pm - 1:20pm

Chair: Building a Learning Health System in PICU

Dr Corrine Balit

12:40pm - 1:20pm

Establishing multi-disciplinary POCUS at the bedside: Physiotherapy and Dietetics

Ms Tamara Farrell

12:40pm - 1:20pm

Establishing multi-disciplinary POCUS at the bedside: Physiotherapy and Dietetics

Mrs Georgina Pizimolas

12:40pm - 1:20pm

Risk factors for unplanned PICU admission

Dr Jo Zhou

12:40pm - 1:20pm

Risk factors for unplanned PICU admission

Dr Orsola Gawronski

12:40pm - 1:20pm

Early risk stratification of critical illness - Research/treatment

Prof Padmanabhan Ramnarayan

12:40pm - 1:20pm

Risk factors for unplanned PICU admission

Dr Gerri Sefton
